Present

M.A.C.K. STREET KALI

(level one)

Come join instructors Steven Ledwith and Bryan Cannata for the new M.A.C.K. Street-Kali[®] folding knife seminar. We have relentlessly proof tested and refined this program to bring you what we believe to be not only the best program of its type but also one of the fastest methods around for attaining true edged weapons self defense proficiency. This program has been designed from the ground up with "Joe Average" in mind but advanced practitioners can and will benefit greatly from this as well. This seminar will teach you the life saving skill of how to carry, draw and effectively deploy a folding knife for self defense from worst case scenarios such as the "Prison Rush", the "Sewing Machine Attack", two on one, three on one and much more! Remember, you can't always run and sometimes you need an equalizer.

Don't miss out on this great opportunity and introductory pricing!
